City: _____

State: _____

Zip Code: _____

Email Address: _____

Phone Number: _____
Area code Phone number

Additional fees Support labour is charged at the rate of \$ 30.00 per ¼ hour.

It is Macro's usual policy to charge for a technician's time spent in front of the computer and not for computer processing time. This policy can only be sustained In-Store where we can perform work on more than one computer at a time. Any time waived is done so at our sole discretion. Onsite visits require that all time be recovered and accordingly our labour will be charged in ¼ hour increments on a return trip basis from / to our offices at 134 Dickens Street, Napier.

Required

Customer Acceptance

Date

I agree to purchase the goods as detailed on the tax invoice as detailed above and furthermore give permission for Macro Limited to configure the computer with the information supplied herein and accept their terms of trade as printed on the tax invoice supplied and/or visible on their website and further accept that these may be updated from time to time on the company's website.

This information may be held by Macro Limited to allow them to assist with any future support calls.
